(indicate year or nil claim) (indicate varieties or nil claim) (indicate GIs or Australia) biodynamic claim? Label alcohol
(%v/v)

6 DECLARATIONS

Label description declaration

I am aware of the labelling requirements set out in the Wine Australia Act 2013, the Australia New Zealand Food Standards Code and the National Measurements Regulations 1999 and confirm that the product complies with these requirements. Specifically I confirm that the label:

- does not contain any statements about vintage, varieties or origin that cannot be substantiated by records kept under the Label Integrity Program
- includes volume statement in font of the requisite height
- states the alcohol content
- includes the Australian name and address of the supplier, and
- includes a lot identification

Application review declaration

I declare that the statements made as part of this application are true, complete and correct and that no material information has been omitted.
